

Order: ..... Inquiry: .....

Absender/sender’s address (stamp):

.....

Bearbeiter/person in charge: ..... Phone: ..... Fax: .....

Unterschrift/signature: ..... Datum/Date: .....

Menge/Qty.: ..... pieces, Dimension in mm:

Eigenschaften/Characteristics:

- Art/type:                    Mobiler Einsatz                                        Fest eingebaut                      
    Mobile for intervention                    Fix antipollution
  
- Anwendungen:                    Sanitär/sanitation                                        Offshore
  
- Applications:                    Umwelt/environment                                        Industry                      
    Atomenergie/nuclear                                        Sonstige/others\*                      
    \*bitte erläutern/please clarify
  
- Rohr-/pipematerial:                    Zement/grout                                        Stahl/steel                      
    Edelstahl/stainless steel                                        Sonstige/others\*                      
    \*bitte erläutern/please clarify
  
- Dichtungs-Durchmesser/sealing diameter, in mm:                    .....
  
- Einführungsdurchm./introduce diameter, in mm:                    .....
  
- Verfügbare Länge/available length, in mm:                    .....
  
- Gegendruck/back pressure, in bar:                    .....
  
- Umleitung/by-pass:                    ja/yes                      
    nein/no

Anwendungsbedingungen/conditions of use:

- Kontaktmaterialien/substance in contact: .....
  
- Temperature:    min. .... °C,                    max. .... °C
  
- Anwendungsdauer/intervention duration: ..... Stunden/hours

Remarks/special requests/sketch:
